Accompany the wonderful wild river Lech from the source area at almost 1800m above sea level on its way through Austria to Füssen in Allgäu. Between romantic alpine pastures, untamed natural run and exciting thrills, you will experience the element of water as it formed the Lech Valley. And to underline the nature of this tour, you will find your own Lechweg natural soap from the Leovinus soap manufactory in your welcome package, as a fragrant reminder of this unique experience.

## The course of your hiking tour:

## Day 2: Formarinsee - Lech

---

~ 4 hrs., ~ 14 km, difference in altitude: ascent 190 m/ descent 620 m

Start the day with the bus ride to lake Formarin and thus to the origin of the Lech. With an almost continuous slight incline, you will get in the mood for the next few days along this wonderful river landscape. The lush alpine landscape accompanies you on your way back to Lech am Arlberg.

Overnight stay in Lech

## Day 3: Lech - Lechleiten

---

~ 5 hrs., ~ 14 km, difference in altitude: ascent 465 m/ descent 370 m

Today's stage takes you, partly on forest roads, partly on paths, always a little above the river further north. You walk through forests and over meadows towards the village of Warth. Even in midsummer you can still encounter snow on this section from time to time. Finally, with the help of a small suspension bridge, the path leads over the river Krumbach up to Lechleiten. Once here, take the bus to Holzgau to end the day with a magnificent mountain panorama.

Overnight stay in Holzgau

## Day 4: Lechleiten - Holzgau

---

~ 5 hrs., ~ 16 km, difference in altitude: ascent 130 m/ descent 565 m

After a hearty breakfast, the first thing you will do is ride back to Lechleiten. Past a practice climbing garden, it goes about 400 meters above the river Lech through sparse coniferous forests before a wide forest path leads you into the valley. You come across part of the Adlerweg (eagle path, easily recognizable by the eagle signposts) and accompany this long-distance hiking trail for a while until you finally come back to Holzgau through gentle forests.

Overnight stay in Holzgau

## Day 5: Holzgau - Elbigenalp

---

~ 4 - 5 hrs., ~ 12,5 km, difference in altitude: ascent 425 m/ descent 490 m

A head for heights is an absolute advantage on today's stage. From Holzgau you start to a spectacular suspension bridge that spans 110m above the Höhenbach gorge. Alternatively, there is the less swaying path along the Simms waterfall. In both cases you will come to the Schiggen observation tower. The route continues gently up and down to the "Schöne Aussicht" ("beautiful view") rest area and along the Josef-Anton-Koch-Path towards the village of Bach. And finally, stroll along wide forest paths to the station for the night: Elbigenalp.

Overnight stay in Elbigenalp

## Day 6: Elbigenalp - Stanzach

---

~ 5 - 6 hrs., ~ 21 km, difference in altitude: ascent 445 m/ descent 540 m

During the first half of today's stage you mostly hike directly along the Lech river on wide paths. In Häselgehr the path finally leads uphill to Doserfall and on a panorama path above the river towards Vorderhornbach. Through the village you finally reach today's stage destination Stanzach.

Overnight stay in Stanzach

## Day 7: Stanzach – Weißenbach am Lech

---

~ 3 - 4 hrs., ~ 13,5 km, difference in altitude: ascent 86 m/ descent 145 m

From Stanzach you hike almost flat along the wide, graveled stream bed today. After the long stage yesterday, today's stage offers a gentle change. During the hike there is always the opportunity to discover endangered Alpine river bird species and rare plants. Finally you will reach the center of Weißenbach am Lech.
